

Michael Greenacre

Biographical

- Born 8 February 1951
- Nationality: South African, permanent residence in Spain
- Formerly full professor in the Department of Statistics at University of South Africa, Pretoria
- Full professor in Department of Economics and Business at Pompeu Fabra University in Barcelona.
- *Work address:*
Department of Economics and Business
Universitat Pompeu Fabra
Ramon Trias Fargas, 25-27
08005 Barcelona
Catalunya. SPAIN
Tel: +34 93 5422551 Fax: +34 93 5421746
- *Home address:*
Ca l'Escopeter
Sant Sebastià, 3
Sant Fruitós de Bages
08272 Barcelona
Catalunya. SPAIN
Tel: +34 93 8760174 Mobile: +34 680232383
- *Email:* michael.greenacre@upf.edu and
michael.greenacre@gmail.com
Web (university): <http://www.econ.upf.es/~michael>
Web (BBVA Foundation publications): <http://www.multivariatestatistics.org>
Web (musical): <http://www.globalsong.net>, www.youtube.com/StatisticalSongs
- *Languages:*
Read, speak and write fluently: English, French, Afrikaans, Catalan (also have taught in all these languages).
Reading knowledge of Spanish, Italian.

Education

- 1970: B.Sc. (University of Cape Town) Majors in Mathematics and Statistics
- 1972: M.Sc. (University of South Africa) Statistics/Computer Science
- 1978: Doctorate (Université Pierre et Marie Curie, Paris VI, France) Thesis : *La Représentation Graphique d'un Tableau de Données*. Supervisor : Prof. Jean-Paul Benzécri

Work experience

- 1971–1973: Research assistant, Department of Statistics, University of South Africa, Pretoria
- 1978–1981: Senior lecturer, Department of Statistics, University of South Africa, Pretoria
- 1982–1994: Full professor, Department of Statistics, University of South Africa, Pretoria

- 1994–1999: Visiting professor, Department of Economics and Business, Universitat Pompeu Fabra, Barcelona
- 1999–present: Full professor, Department of Economics and Business, Universitat Pompeu Fabra, Barcelona
- Sabbatical or extended research periods in:
 - Statistics Department, Rothamsted Experimental Station, U.K. (January–June 1982)
 - Department of Biostatistics, University of Rochester, USA (July–September 1982)
 - Statistics group, Bell Laboratories, Murray Hill, New Jersey (June–October 1987)
 - Centre for Remote Sensing, École des Mines, Sophia-Antipolis, France (July 1990 – July 1991)
 - Akvaplan-niva, Tromsø, Norway (April–May 1993)
 - BBVA Foundation, Madrid (November–December 2007; March–April 2008)
 - Akvaplan-niva & Norwegian Polar Institute (January–February 2008)
 - Department of Statistics, Stanford University (October–December 2008)
 - Department of Statistics, Middle East Technical University, Ankara, Turkey (October 2011 – January 2012)

Research Papers in Refereed Journals (*complete list*)

Citation counts are given, where possible, for selected papers as of 13/10/2010 [GS: Google Scholar; WS: Web of Science]

- 1973: **Greenacre, M.**, Symmetrized multivariate distributions, *South African Statistical Journal* 7, 95-101. [GS 13; WS 3]
- 1976: **Greenacre, M.** & Benzécri, J.-P., Tables à l'usage des investisseurs à l'étranger, *Cahiers de l'Analyse des Données* 1, 137-43.
- 1977: **Greenacre, M.** & Degos, L., Correspondence analysis of HLA gene frequency data from 124 population samples, *American Journal of Human Genetics* 29, 60-75. [GS 39; WS: 39]
- 1983 : Hudak, D.R., Steyn, P. & **Greenacre, M.**, Maximum temperature forecasting in weather prediction, *South African Journal of Science* 79, 6970. [WS 1]
- 1984: **Greenacre, M.** & Vrba, E.S., Graphical display and interpretation of antelope census data in African wildlife areas, using correspondence analysis, *Ecology* 65, 984-97. [GS 63; WS 65]
- 1986: **Greenacre, M.** & Browne, M.W., An efficient alternating least-squares algorithm for multidimensional unfolding, *Psychometrika* 51, 241-50. [GS 19; WS 9]
- 1986: Wyndham, C.H., **Greenacre, M.** & Wiles, F.J., Effects of personal, environmental and occupational factors on ischaemic heart disease in white miners in South Africa, *International Journal of Epidemiology* 15, 507-512.
- 1986: Wyndham, C.H., Bezuidenhout, B.N., **Greenacre, M.** & Sluis-Cremer, G.K., Mortality of middle aged white South African gold miners, *British Journal of Industrial Medicine* 43, 677-84. [GS 42; WS 41]
- 1987: **Greenacre, M.** & Hastie, T.J., The geometric interpretation of correspondence analysis, *Journal of the American Statistical Association* 82, 437-47. [GS 152; WS 106]
- 1987: **Greenacre, M.**, Influential analysis and presentation of survey data, *Journal of Applied Statistics* 14, 153 -64.
- 1987: Human, L. & **Greenacre, M.**, Labour market discrimination in the manufacturing sector: the impact of race, gender, education and age on income, *South African Journal of Economics* 55, 150-64. [WS 7]
- 1988: **Greenacre, M.**, Clustering the rows and columns of a contingency table, *Journal of Classification* 5, 39-51. [GS 46; WS 21]

Invitations to workshops and conferences, including keynotes (*last 10 years*)

- 1999 (January): “Geometry of matched matrices.” *International Conference of the Geometry of Data Analysis*, Oxford University, U.K.
- 1999 (March): “Equivalent definitions of correspondence analysis.” **Keynote speaker** at *Annual Meeting of Finnish Statistical Association*, University of Joensuu, Finland.
- 2000 (July): “The Millennium Song as an international educational project.” *7th I*EARN (International Education and Resource Network) conference*, Beijing, China.
- 2000 (October): “Joint correspondence analysis.” *RC33 Conference on Social Science Methodology*, University of Cologne, Germany.
- 2000 (November): “Statistics for Arctic environmental research.” *Kongsfjord Ecosystem Workshop*, UNIS, Svalbard.
- 2001 (June): “Applications of correspondence analysis to medical and health data.” *Annual Conference of Spanish Association for Health Economics*, University of Oviedo, Spain.
- 2001 (September): “Biplots of compositional data”. *International Conference on Methodology and Statistics*, University of Ljubljana, Slovenia.
- 2002 (July): “Distributional equivalence in logratio biplots.” (with John Aitchison). *Biannual Conference of International Federation of Classification Societies*, University of Krakow, Poland.
- 2004 (March): “Weighted metric biplots.” *International Conference of German Classification Society*, University of Dortmund, Germany.
- 2006 (August): “Tying up the loose ends in simple, multiple and joint correspondence analysis.” **Keynote speaker** at *COMPSTAT 2006 (Biannual Conference of International Association for Statistical Computing)*, University of Rome “La Sapienza”, Italy.
- 2006 (December): “Correspondence analysis in social science research.” **Keynote speaker** at *ACSPRI (Australian Consortium for Social and Political Research) Methodology Conference*, Sydney Australia.
- 2007 (February): “Correspondence analysis and weighted logratio mapping.” **Keynote speaker** at *JOCLAD 2007 (Portuguese Classification and Data Analysis Society)*, Porto, Portugal.
- 2008 (July): “Positioning the “middle” categories in survey research: a multidimensional approach” (joint with R. Pardo). **Keynote speaker** at the joint conference of the *European Methodology Association*, and *Society for Multivariate Analysis in the Behavioural Sciences*, Oviedo, Spain.
- 2009 (April): “Dynamic graphics as a teaching and research tool.” **Keynote speaker** at *JOCLAD 2009 (Portuguese Classification and Data Analysis Society)*, University of Algarve, Faro, Portugal.
- 2009 (June): “Dynamic graphics in life sciences research.” Invited as **Keynote speaker** to the annual conference of the *Information Technology Interface (ITI)*, Croatia; includes **invitation** to give three-hour workshop on “Correspondence analysis in ecological research” in the parallel conference on Biometrics.
- 2009 (July): “Dynamic transition between multivariate methods.” Invited as **Keynote speaker** to the annual conference of *UseR! (R users group)*, Rennes, France.
- 2009 (October): “Dynamic perceptual mapping.” Invited as **Keynote speaker** to the annual conference of the *Australian Social and Market Research Society*, Sydney, Australia.
- 2010 (September): “Measuring subcompositional incoherence in contingency tables and compositional data.” Joint Conference of German and Italian Classification Societies, Florence, Italy.
- 2011 (February): “Unifying the geometry of simple and multiple correspondence analysis”. *6th International CARME conference on Correspondence Analysis and Related Methods*, Rennes, France.
- 2011 (June): “Biplot videos” **Invited speaker** at the joint conference of *International Workshop of Matrices and Statistics and Multivariate Analysis*, Tartu, Estonia.
- 2011 (October): “Correspondence analysis, chi-square distance and rare objects”. *International workshop CARME in ASSOS*, Assos, Turkey.

- 2012 (September): “Correspondence analysis in ecological research”, 14th Biostatistics Congress, Kayseri, Turkey. **Keynote speaker.**
- 2012 (October): “Statistics and the Singular Value Decomposition The Joy of SVD”, 14th Statistics Congress, Eskişehir, Turkey. **Keynote speaker.**
- 2012 (December): “Fuzzy coding in constrained ordinations”, ERCIM 2012, Oviedo, Spain.

Conference organization

Organized (jointly with Jörg Blasius, formerly University of Cologne, presently University of Bonn) the following series of quadriennial international conferences:

- *Correspondence Analysis in the Social Sciences*. University of Cologne, May 1991.
- *Visualization of Categorical Data*. University of Cologne, May 1995.
- *Large Scale Data Analysis*. University of Cologne, May 1999.
- *Correspondence Analysis and Related Methods (CARME 4)*, Universitat Pompeu Fabra, Barcelona, June 2003.
- *Correspondence Analysis and Related Methods (CARME 5)*, Erasmus University, Rotterdam, Holland. June 2007.
- *Correspondence Analysis and Related Methods (CARME 6)*, Agrocampus, Rennes, France, February 2011.
- Organized (jointly with Zerrin Aşan, Jörg Blasius and Patrick Groenen) the international workshop *CARME in ASSOS*, Assos, Turkey, October 2011.

Short courses given internationally (*recent and forthcoming*)

- *Correspondence Analysis in Practice*: Dalhousie University, Halifax, Canada (1 week, June 2004), BBVA Foundation, Madrid, Spain (3 days, March 2005, with computer laboratory, assisted by Antonella Curci, University of Bari), University of British Columbia, Vancouver, Canada (2 weeks, June 2005), McQuarie University, Sydney (2 days, December 2006), University of Padova, Italy (3 days, June 2008), Universitat Autònoma de Barcelona, assisted by Jan Graffelman (3 days, June 2010).
- *Multivariate Data Analysis for Marine Biologists* (or, in some cases, broadened to *Environmental Biologists*), with daily computer laboratory, assisted by Raul Primicerio (Norwegian College of Fishery Science, Tromsø): Polar Institute, Tromsø, Norway (5 days: May 2004), BBVA Foundation, Madrid, Spain (3 days: November 2005, May 2006, April 2007, September 2008), Marine Research Institute, Reykjavik, Iceland (5 days: September 2006), University of Tromsø (2 weeks: May 2005, June-July 2006; 5 days: April 2007, February 2008, March 2009, April 2010), University of Parma (3 days: February 2009), University of Stellenbosch, South Africa (3 days: December 2009), Italian Ecological Society (Parma, 3 days, February 2009; Ancona 3 days, February 2010), University of Lancaster, UK (3 days: March 2010), Institute for Marine Research, Tromsø (3 days, April 2010), South African Statistical Association annual conference, Potchefstroom (2 days, November 2010), University of Tromsø (5 days, March 2011).
- *Statistical Learning* (as an assistant to Trevor Hastie, Stanford University): workshop at BBVA Foundation, Madrid, Spain (3 days: April 2008, July 2009).
- *Biplots in Practice*: University of Cassino, Italy (2 days, September 2010); workshop at BBVA Foundation, Madrid (3 days, October 2010); Central Archive for Empirical Social Research, Cologne, Germany (March 2011).
